Featuring AB Advanced Superfood Complex with Elderberry, vitamin C and a blend of medicinal mushrooms, **ActiveBlendz Defend** helps keep you healthy by strengthening your body's natural defenses.*

*Is there any caffeine in **ActiveBlendz Defend**?*

No. ActiveBlendz Defend is 100% caffeine free so it can be enjoyed any time of day.

*What are the ingredients in Javita's **ActiveBlendz Defend**?*

AB Advanced Superfood Complex [Agaricus Blazei, Lentinula Edodes, Grifola Frondosa, Coriolus Versicolor, Ganoderma Lucidum and Cordyceps Sinensis, Elderberry Fruit) Powder and Vitamin C (as Ascorbic Acid)]. Acerola (Fruit) Juice Powder, Blueberry (Fruit) Juice Powder, Acai (Fruit) Juice Powder, Citric Acid, Natural Flavors, Stevia (Leaf) Extract and Natural Color

*What is **AB Advanced Superfood Complex**?*

The **ActiveBlendz** (AB) Advanced Superfood Complex is a proprietary blend of medicinal mushrooms, ayurvedic elderberry and fruit-derived vitamin C. This trio has been selected for their unique immune supportive qualities.

*Why is a medicinal blend of mushrooms included in **ActiveBlendz Defend**?*

This pure, organic, patented and instantly available blend of medicinal mushrooms (Agaricus Blazei, Lentinula Edodes, Grifola Frondosa, Coriolus Versicolor, Ganoderma Lucidum and Cordyceps Sinensis) is not only of superior quality and grown in a bio tech lab where all growing variables are controlled (i.e., air temperature, humidity, water surety, soil purity, etc.), it is believed to activate al 260 classes of immune cells to provide you a broader more complete protection against colds, flus, etc.

*Why is elderberry fruit powder included in **ActiveBlendz Defend**?*

Elderberry had been used throughout history for its antioxidant activity to lower cholesterol, improve vision, boost the immune system, improve heart health and for coughs, colds, flu, bacterial and viral infections and tonsillitis. It has been used as a folk remedy for centuries in North America, Europe, Western Asia, and North Africa. Bioflavonoids and other proteins in the juice destroy the ability of cold and flu viruses to infect a cell. People with the flu who took elderberry juice reported less severe symptoms and felt better much faster than those who did not.

*Why is ascorbic acid included in **ActiveBlendz Defend**?*

Vitamin C, also known as ascorbic acid, is found in citrus fruits and may boost the immune system by attacking the nucleic acid of the virus. This antioxidant vitamin fights with bacteria until they're dead. A healthy immune system is the best defense we have against microbes, bacteria, and viruses that would otherwise invade the body and destroy our health.

*Why is acerola fruit juice powder included in **ActiveBlendz Defend**?*

The perfect complement to sweet blueberries, tart acerola cherries supply more than just a delicious flavor profile to Javita's new

*Why is blueberry fruit juice powder included in **ActiveBlendz Defend**?*

Providing the delicious sweet balance to Defend's sweet-tart flavor profile, blueberries have a very high antioxidant capacity (ORAC of 6,520) and are potent immune boosters. They contain powerful phytochemicals, such as anthocyanin, which is the pigment that gives blueberries their color. And they are lower in sugar than many other fruits.

*Why is acai fruit juice powder included in **ActiveBlendz Defend**?*

One of the many Acai health benefits is empowering your immune system. The tiny Acai berry contains large concentrations of antioxidants and plant sterols that help your body fight off disease.

What is citric acid?

Citric acid is a natural preservative derived from fruits. It's been awarded GRAS status—meaning it is generally regarded as safe. It has been included to help provide flavor balance.

*What are the natural flavors used in **ActiveBlendz Defend**?*

The natural flavors in **ActiveBlendz Defend** are derived from a proprietary blend of extracts and fruits. Individual ingredients are considered trade secrets and are not disclosed.

What is stevia leaf extract?

Stevia leaf extract is born from the sweet leaves of the stevia plant, which is a member of the chrysanthemum family and is native to South America. To extract the plant's intense natural sweetness, stevia leaves are harvested and dried. The leaves are then steeped in hot water. The resulting liquid extract is filtered, purified and dried, resulting in the crystalized stevia leaf extract.

*What are the natural colors used in **ActiveBlendz Defend**?*

The natural colors in **ActiveBlendz Defend** are derived from a proprietary blend of fruits. Individual ingredients are considered trade secrets and not disclosed.

*What benefits might be observed from drinking **ActiveBlendz Defend**?*

Superior formula, refreshing flavor and convenience aside, **Defend** helps support immune health, protect healthy T cells, combat stress and fight free radical damage.*

*Where is **ActiveBlendz Defend** manufactured?*
