

DARE TO COMPARE:

FocusFusion Cocoa VS Adderall

DRINK THIS...

FocusFusion Cocoa

- Delicious, creamy chocolate drink
- ALL NATURAL (*no artificial flavors, colors or preservatives*)
- Provides cardiovascular and brain-supportive benefits of chocolate
- Features brain-boosting herbs Bacopa Monnieri and Gotu Kola (*to help focus, memory, anxiety, etc.*)
- Every serving delivers a proven dose of herbs
- Only 10 grams of natural cane sugar
- No caffeine (ideal for any time of day)
- Kid tested, mom approved
- **100% satisfaction, money-back guarantee!**

NOT THAT...

Adderall

- Expensive, prescription medication
- Highly addictive (*physical and emotional dependence*)
- Multiple doses (*4-5 pills*) daily
- Long-term use linked to hypertension, stroke, and irregular heart rate
- Side effects include insomnia, anxiety, nausea, loss of appetite, depression and tremors
- High doses can cause stunted growth, blurry vision, hallucinations, aggression and mania
- **Buyer beware! Know your options!!**
